

Kristian Blackburn

I am a father of two, the oldest of whom started reception class in 2015. Just like every other parent, I want the very best for my children. As parents we need to support the school but when necessary I am not afraid to ask difficult questions and speak up for what is important. In the time my son has attended I can see that Russell Hall is a great school. I want it to continue to succeed and improve further. I enjoy the role of Parent Governor and the chance it gives me to make a positive difference to my children's education.

For more than a decade, I have worked providing services to the legal industry. I have a proven track record of managing departments and driving change in response to regulated requirements. In 2015 I was fortunate enough to be able to set up my own company in the same industry and have flexible working hours, which in turn will allow me to dedicate enough time as required to the roll of parent governor.
