

Manisha Govan

I have over 15 years working in HR, in both private and public sector. At present I work for an NHS organisation providing HR support. I have been a parent governor for just over 6 years and was chair for 5 of those years. I have seen and been part of many changes at the school which has enabled the school to achieve great results. I am passionate about improving standards for school, both my boys attend Russell Hall and I believe every child should get the same deal with education!

I'm hard working, have just completed my post grad in Human Resource Management and am looking to complete my masters next year. I love my family, my life and as a family we are very social. I personally like a challenge or something to keep me busy (as if my boys don't!). When at home, I love to cook, bake & plan our next holiday! I very much believe in working hard and playing even harder!
