

As mathematicians we will be extending our understanding of number systems as well as refining our skills in multiplication and division. We will learn how to measure angles and use our data handling skills when investigating in science.

As computer scientists we will create journalistic videos to report crime. We will also continue to develop our skills as computing programmers using online coding software.

As historians we will be investigate the crimes of Guy Fawkes and his associates. Would he have got away with it these days?

As theologians we will be learning about the Bhuddist faith with a focus on how they worship.

As Artists we will develop the skills of portrait drawing in order to create wanted posters and look at digital photo-fit images and create our own using technology.

As writers we will study persuasive writing and like this to our topic of deforestation.

Later in the term we will also sharpen our poetic and narrative skills with the *The Highway Man*.

As athletes we will be develop our game skills in school, and we will continue swimming every Tuesday.

As musicians we will continue to work with Mr Bradford, learning to play un tuned percussion in the samba style.

To enhance our learning we will be visiting 'Think Forensic' for a day of investigating.

CSI

Year 5 – Autumn 2

As scientists we will be investigating the question: *Could you be the next CSI investigator?*

We will look at forensic investigations and the chemistry involved in solving crimes.

As language speakers we will continue to develop our French vocabulary.
