

In mathematics we will be learning about time, mass and capacity. We will also be learning about turns, angles and how to recognise and describe 3D shapes.

As language speakers we will continue to develop our skills in French. This will include experiencing a French day in school

In our writing lessons we will be writing a persuasive text about the island of Sicily. We will also look at some different forms of poetry.

In RE we will be trying to answer the question: 'What do people believe in?'

Why do people visit the Mediterranean? Class 3

In Physical Education we will be competing in different striking games such as rounders and cricket.

As geographers we will be finding out why people choose to take holidays in the Mediterranean. We will study the different climate zones and find out about local customs and traditions.

As scientists we will be investigating light and shadows. This will include testing reflective surfaces, learning about how shadows change and staying safe in the sun.
