

In our writing lessons we will be looking at how to write a set of instructions for making zoetropes. We will also be looking at poetry from Charles Dickens.

In mathematics we will be continuing to explore addition and subtraction. We will also begin to learn about multiplication and division.

As scientists we will be learning about rocks and asking the question:
What do rocks tell us about the way the Earth was formed?

In physical education we will be learning all about gymnastics including movement, coordination and how these fit together.

How did the Victorian period help shape the Queensbury we know today? Class 3

As part of our enrichment we will be making Christmas decorations.

In design and technology we will be making Victorian zoetropes.

In RE we will be finding out about peoples beliefs in God.

We will be developing our language skills when we learn French, revisiting last half term. We will also begin to look at colours and saying our names.
