

At Russell Hall we are trying to improve the IT resources that we have available for the children to use. As you will all know, school budgets are tightening every year and it is becoming increasingly difficult for us to purchase the more expensive equipment. However, we want our children to have the very best facilities to enable them to thrive and reach their full potential. Excellent IT resources will really support this and ours are in need of updating!

We would like to purchase a brand new bank of Chromebooks which would be available for all children in school to share.

It is for this reason that we are going to make IT equipment our next fundraising project at Russell Hall.

What is simply amazing is that we have already had two businesses agree to buy a Chromebook for the school as their way of supporting their local community and the education of our future generation.

So, we wondered if there was anyone else out there? Either businesses or personal sponsors who would be interested in sponsoring a Chromebook!

We would be delighted to issue a personal letter of thanks from the children, which could be displayed in your business place and we will also be issuing a public letter of thanks with the names of all the businesses or people who have sponsored a Chromebook.

The Chromebooks cost £189. If you are interested in purchasing one for school, please would you pledge your support in one of the following ways:

Call school on 01274 882116

Email the office : office@russellhall.bradford.co.uk

Or call in and speak to us in person about it

Thank you in advance

The Children, Staff, Governors and Parents of Russell Hall Primary School
