

Claire Taylor

I have four children, my youngest is currently in nursery.

Just like every other parent I want the best for my child, for them to be happy and confident and to achieve the best that they can be. I would welcome the opportunity to join the governing body of Russell Hall, I want to gain knowledge in how the school is run. I would like to help deliver best practices on school policies, how finances are best spent and how the curriculum is delivered.

I am confident that many of my key skills would be useful as a parent governor.

I have a great deal of knowledge and understanding of how children's life experiences can shape and have an impact on their ability to learn.

Over the years I have worked with a variety of professionals, a great deal of this has been in regards education, mostly dealing with SEN and pupil premium.

I have knowledge of social care, child protection processes and safe guarding.

I am also mum to four very different children and to respond and meet their individual needs, this needs great organisational skills.

My Husband runs his own company so for the last ten years I have also done his accounts so have knowledge of finances/costings/budgets

I will always try to look on things from the point of view of the parents/carers and ensure that their perspectives are considered, whilst balancing the needs of school. I am happy to take any training that would be required for me to make the best of the role. I want to support the school in providing an inclusive education to all of its pupils, making sure that the school is achieving the very best for every child.
