

As mathematicians we will deepen our understanding of fractions and decimals. We will learn how to calculate fractions of a quantity and write tenths and hundredths as decimals.

As historians we will be investigating our local area.

As writers we will use The Iron Man as a model for our writing. We will also look at different conventions of poetry and write some of our own poems.

In Music we will continue to have brass tuition.

In PSHCE we will learn about keeping safe and managing risk.

## Why is Bradford such a cool place to live?

In Religious Education we will learn how faith communities demonstrate what is sacred.

As language speakers we will be developing our knowledge and understanding of French vocabulary.

As computer programmers we will develop our knowledge of coding and variables.

As Scientists we will be learning about sound and hearing. We will investigate what happens to sound the further it travels and which materials provide the best insulation against sound.

In geography we will be identifying human and physical characteristics.

In Physical Education we will be developing our cricket skills.
