

28th September 2021

Dear Parent/Carer

In the Summer term, Class 5 will be studying the rainforest in Geography. For part of this, we will be learning about the animals and creatures that live there.

One of Class 5's trips this year will take place in school, and on the 25th April, we will be enjoying a visit from some experts in predators to study them closer.

The children will, amongst other things, take part in reptile based educational talks, handling sessions and team building. They will see: a wide array of reptiles and invertebrates from snakes to frogs to tarantulas.

Please ensure that school is notified of any new allergies so that we can take the precautions needed to thoroughly enjoy this visit.

The cost of the visit is £4.50 and we rely on your financial support in order to make visits/trips viable. Should you wish to discuss your financial contribution, please contact the office staff or Mrs Grist.

Under the terms of the Education Reform Act (1988) we are not able to charge for educational journeys (transport/insurance/entry fees) which occur during school time.

If you choose not to contribute this will not lead to your child being excluded from the trip, however if school do not receive enough voluntary contributions this may result in school cancelling the visit.

Yours faithfully

Miss Douthwaite
Class Teacher
