

Year 5 – Summer 1

As geographers we will learn about South America.
We will study rainforests and their physical features.

As writers we will write a narrative about a rainforest explorer and a persuasive text based on saving the rainforests.

As mathematicians we will work on decimals, and area and perimeter.

As scientists we will study gravity in our topic:
Forces.

For enrichment we will have a visit from 'Into the Wild'. We will have the opportunity to get close to some real reptiles.

In PSHCE we will look at our physical health and wellbeing and study rules in society.

As readers we will read 'The Lorax' Dr Seuss and 'The Great Kapok tree' Lynne Cherry. We will also look at information texts and media (There's a Rang-tan in my bedroom - Iceland Advert.)

In computer technology lessons we will create a fact file about the Amazon rainforest.

As design technologists we will design a rainforest in our classroom.

As historians we will look at changes over time due to deforestation.

In E-safety we will learn how to use technology safely, respectfully and responsibly.

In Art we will continue to create our self-portraits in charcoal.

Our significant people this half term are:
David Attenborough
Yanomami tribe

MARTIN

As language learners: we will continue to learn French. **As religious learners we will ask:** What do Christians believe about the old and new covenants? **As Musicians:** we will continue to learn the song: The Fresh Prince of Bel Air. **As Physical learners:** we will be learning how to play cricket. **As members of society:** we will study mutual respect.
