

Governor Profile

Name: Robert Hunter

Type of Governor: Partnership/Local Authority

Why I want to be a Governor at Russell Hall: I want to play my part in helping the school in its continued improvement journey, so that all pupils achieve their full potential and excel.

Background: I have worked in education since 2007. I have taught and held leadership positions in a number of schools across Leeds, Wakefield and Bradford. I am a qualified teacher, and a serving headteacher of a primary school in Bradford.

Skills and areas of interest: I strive to ensure that all pupils receive an effective ambitious curriculum within a safe, calm and happy environment. I have developed many leadership qualities throughout my time in education. My current role, and previous roles, have enabled me to develop skills such as strategic leadership, financial management and people management

Hobbies: I enjoy spending quality time with my family and friends. When time allows, I like to escape to the golf course (play badly!), support Leeds United and Leeds Rhinos (can be painful!) and head to the Yorkshire Dales.
